Nakava wins Award in Boca Magazine

July 19, 2008

Well, we got a good surprise in the mail today. Boca Magazine has given us an award in their yearly Best of Boca & Beyond competition. The kava bar has won the award for being the Best Place to Drink to Your Health in Boca Raton, Florida. We didn't even know we were in the running but we will take the award just the same. We have had several customers show up to drink kava from this article so we are happy that we were chosen.

It's proof that the word about kava is slowly spreading in the U.S. after almost 7 years of working hard to make it happen. Any of you that live in Boca or have been to Boca know that this a very special town and thinking that Boca people would drink kava was totally unfathomable to almost everyone. If we can get the Boca people to drink kava anyone, anywhere, at any time should be able to get people to drink kava.
